

Help North Middle School Help Africa

Partnering with The African Well Fund Organization and local businesses (see back)

The seventh grade class at North Middle School is raising money to help the people of Africa. The teachers are working with their students to help them learn about the continent of Africa, as well as helping students understand that they have the power to make a difference in our world.

Our Goal: \$1500-\$3500

If everyone receiving this flier gives just \$1.00 we will reach the top end of our goal! Just imagine what we will give the people of Africa for this small amount of money.

"If you look at what's happening on that continent and not do something, how will we be able to look at our children or the next generation and say we just let this happen and did nothing."

Africa Well Fund Volunteer

Please help us raise money to help drill a well in Africa. The water situation in Africa is unhealthy and challenging. Some people have to walk up to 10 miles a day for water. We are partnering with The African Well Fund to help fund a well in an African Village. Your donation is greatly appreciated.
